You’ll like what you see with Direct Vision.

Protecting your eyes starts with having routine eye exams. With Direct Vision you’ll be covered for one routine eye exam per year – starting on day one of your coverage!

Choice of Providers

The Direct Vision Insurance plans include in-network and out-of-network benefits. Choose from EyeMed or VSP network plans. Why choose a network? When you use a network provider you maximize your benefits with low co-pays and overall lower out-of-pocket costs.

If you choose to see an out-of-network provider, these plans provide you with an allowance for each service and you are responsible for any costs above those amounts.

About EyeMed

EyeMed providers include nationally recognized chains such as Pearle Vision, LensCrafters, Target, Sears and JCP Optical as well as independent providers. Choose from over 78,000 vision care providers nationwide. By utilizing an EyeMed provider you will receive additional savings such as:

- 40% off unlimited additional eyeglasses after initial benefit is exhausted
- 20% discount on remaining frame balance (once allowance has been applied) and 15% discount on any balance over the conventional contact lens allowance
- 5% - 15% savings on LASIK or PRK services through the US Laser Network
